

# NORTHERN CALIFORNIA GEOLOGICAL SOCIETY

## NCGS FIELD TRIP TO THE WORLD'S SMALLEST MOUNTAIN RANGE, THE SUTTER BUTTES

**Saturday April 21, 2007**

**Leaders: Martin Steinpress and  
Dr. Brian Hausback, CSU Sacramento**

This trip is being conducted under the auspices of the Middle Mountain Foundation (<http://www.middlemountain.org/>), a non-profit working to protect the Buttes. This trip is difficult if not impossible to do on your own. Bring boots, long pants, hat, water, lunch, rock hammer, hand lens, etc. We will meet at the Pleasant Hill BART station at 7:00 am sharp and carpool to the Buttes. The trip will involve a somewhat strenuous hike over 3 to 4 miles of rough and steep terrain. We will depart the Buttes around 4:00 pm and arrive back at about 7:00 pm. See Brian Hausback's website for references on Sutter Buttes Geology at [www.csus.edu/indiv/h/hausback](http://www.csus.edu/indiv/h/hausback).

\*\*\*\*\***Field Trip Logistics**\*\*\*\*\*
